YOUR CHANCE LTD - a full range of professional services helping you to embark on your studies in

If your dreams to study the subject of your choice, for any reason, didn't come true in your own country or your first choice university...

If you are still eager to achieve your goals, then Bulgaria is for sure a great option to do so, for so many reasons...

1.

Bulgaria is a member country of the European Union.

2.

The **Bulgarian State Universities** are well known for their high level of education and are proud with a number of graduates, both local and foreign, being accomplished specialists in their respective fields and living all over the globe.

3.

Bulgaria is a beautiful country with rich history and culture, well known for the high standard of its Theaters, Opera, Ballet, Orchestras and in many other fields of arts and sciences, comparable to the best in the world!

4.

On top of that the tuition fees in Bulgaria are ones of the lowest in Europe, and the cost of living and the house rents are reasonable.

A number of **Bulgarian universities** offer programs taught in English, in the fields of Medicine, Dental Medicine, Pharmaceutical studies, Electromechanical, Electronics and Aeronautical sciences, as well as Veterinary Medicine.

Of course, you can go through a preparatory year, learning the **Bulgarian language** and attend classes among the hundreds offered in the local language by all State Universities of the country. Some of the interesting specialties offered in Bulgarian are:

-

Architecture of Parks and Gardens, Ecology, Forestry and Agronomy
